

## PRINCIPAL'S REPORT

### School Musical

Over the past 2 weeks Mrs Bennett and I have had the privilege of visiting each cast and watching the progress of our young talented dancers and actors. You'll be pleased to know the musical is coming along beautifully and will be sure to amaze.

Parents will receive an email to purchase tickets, which will go on sale on Wednesday 28 September.

Teachers have sent home video links and/or songs for students to fine tune their dancing skills over the holidays. I hope you enjoy this sneak peak at the costumes, with thanks to Ms Keeble.

### Year 6 Fete

As you know the fete was a fabulous day delivered by Year 6 business owners, managers, marketers, financiers and staff. They worked very hard throughout the day, running highly successful stores and activities for students to enjoy, and raised a fantastic profit of \$7598. Well done!

## Excellence In Ethics: Kinghorn Award Nomination

We are proud to announce that our very own Ethics Teacher and Coordinator Claire Kemperman, has been nominated for the Kinghorn Award for her enthusiasm and commitment to Ethics.

According to the Ethics foundation, "This award will honour an Ethics volunteer who is an inspirational role model for other volunteers – and for their school and community." While being nominated is already a great achievement, Claire is also in the running to win \$4000 towards Bellevue Hill's library. The winner, announced in term 4 will be awarded an engraved trophy and their school will be offered an engraved plaque with their details as this inaugural volunteer award winner.

Claire says:

*"Teaching Ethics is an amazing volunteer job and it is great to share the joy. When children think, reason and discuss, I feel very appreciative of being able to facilitate and I am blown away by their insights on the ethical topics."*

Read more about it: [primaryethics.com.au/](http://primaryethics.com.au/)

Ethics is taught by volunteers from the school and wider community. Unfortunately at Bellevue Hill, we do not have enough teachers for every child that is enrolled. If you are interested in becoming an Ethics teacher, please contact Ethics coordinator Claire Kemperman, [clairekemperman@hotmail.com](mailto:clairekemperman@hotmail.com).

# Promoting **CREATIVITY, INNOVATION,** **CRITICAL THINKING & COLLABORATION** in **KINDY**

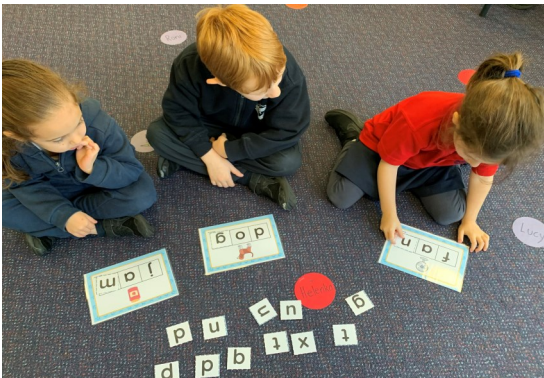

At BHPS, the kindergarten teachers run 4 weekly literacy group sessions to provide multiple opportunities for targeted practice of new and old skills. The sessions promote independence and collaboration but also open the door to more tailored hands-on activities, to suit the needs of all learners in our classroom.

During literacy groups, students rotate through a series of stations which focus on different skills.

Below are just a few examples of our literacy group stations.

## Decoding Activities

segmenting and blending the separate phonemes in words

## Comprehension Activities

summarising, understanding sequence, making predictions, drawing conclusions, and making inferences or recalling facts and details

## Phonics Activities

44 sounds of the English language  
'sh diagraph'

## Writing / Grammar Activities

sentence starter strips

## Sight Word Practice

high frequency words that we need to be able to recognise instantly

## Using technology in Year 2

This week in Year 2, we have been using the iPads and laptops to help us with our learning.

Throughout this term, during our writing lessons, we have been focusing on how to write an imaginative and descriptive narrative. The Year 2 students have shown creativity and enthusiasm when writing stories of their own. Students then used the laptops and iPads to publish their narratives.

We learnt how to log in to the Student Portal, find the Google Docs program and start a new document of our own. We also got to improve our typing skills!

The Year 2 teachers have been so impressed with the student's technology skills and the determination and persistence they have demonstrated towards publishing their work!

# Stories of Migration in Year 4

Throughout Term 3 Year 4 students studied 'Waves of Migration' in Australian History. Students inquired into the patterns of migration in our past and how it has shaped Australia's identity.

They investigated a vast range of people from different histories and cultural backgrounds who moved from foreign shores and now call Australia home.

Finally, students interviewed family and friends about personal and remarkable immigration journeys. They discovered amazing stories that have shaped our country's identity and provided our Year 4 students with an understanding of their own identities.

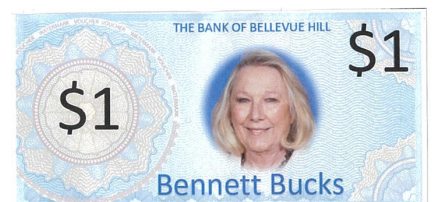

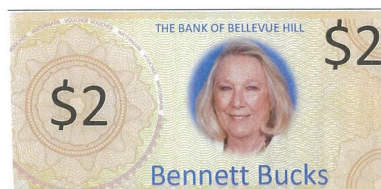

# Promoting **COLLABORATION**, **INNOVATION**, **CRITICAL THINKING** & **COLLABORATION** in Year 6

## Fete Update

Last Thursday the school was abuzz with excitement as Fete Day had finally arrived. A whole term of learning for Year 6 culminated on this day and we were lucky enough to have the whole school involved.

The students have spent time learning and developing entrepreneurial skills that saw them brainstorm ideas for a business and conduct market research, as well as design and create logos, advertising and keep track of the financials of their business. Developing alongside the business skills of the students, were skills in collaboration and team work as well as considerable problem solving!

The Fete was a HUGE success and we were impressed by the level of commitment shown by the Year 6's and the skills that they showed on the day.

**The Fete  
raised  
\$7598!**  
**Thank you for  
your support!**
